

My Notes -

[?] = uncertainty on some letter or letters in the word, the more '?', the greater the uncertainty.

X = a superscript letter, sometimes with a period beneath the superscript.

'= contraction with an apostrophe.

Commas are given as in the original. Wow, punctuation at this early date!!

Main part of page, right side -

Know all men by theise p'sents[?] and to whom
it may any wayes Concerne, That wee the
within mentioned Samuell Dodge, William Dodge
and James Dodge Executo_Rs_ [?] of the Testato_R_ Robert
